

AWAKENING THE
SUPERPOWER OF THE
HEART | VIRTUAL CIRCLE
with Elysabeth Williamson

TOOLS + INSPIRATION + SUPPORT
for living a heart-centered life
in uncertain times

We are all living through a time rich with possibility for transformation. Transformation occurs as we find the courage to look within and see ourselves through the eyes of forgiveness and compassion.

Courage is a quality of heart that recognizes the truth that love will ultimately prevail over injustice and tyranny of every kind, precisely because it is the truth of what we are.

We all need to be reminded, particularly in this time of so much change, of what is real and true about our human nature. Join us for this four-week Virtual Circle, activating our heart essence for the benefit of all beings.
